Company Overview

Unique Pipeline Projects is leader in Gas Flow Control Systems for the Industrial, Special Gases and Medical sectors. We provide high quality, value-added products and services that go beyond the industry standards. In India our Products are supplied under **UNIPRO** brand name, We have installed gas manifold systems, Turn-Key Projects on All India basis.

Manufacturing Capabilities

Our manufacturing facility is equipped with CNC Machine, Milling equipment. systems to ensure production of the highest quality products.

Quality Assurance

UNIPRO products are manufactured under stringent quality control ISO 9001 : 2015. Our Products meet CE standards certified.

Our Team

Our highly educated team of engineer, sales people technicians and customer service personal are dedicated to provide you with products of highest quality, reliability and performances. We hold the highest standards to our manufacturing processes. Our total process managements maximizes our production efficiency while ensuring products quality.

We work closely with all our customers to design products specific to your needs. This includes developing new products Re-designing existing products, and customizing configuration / packaging. It is our priority to strong relationship with each and every customer.

Bed Head Panel 900mm Long

Digital Gas Alarm With Pressure Transducer

Area Valve Box

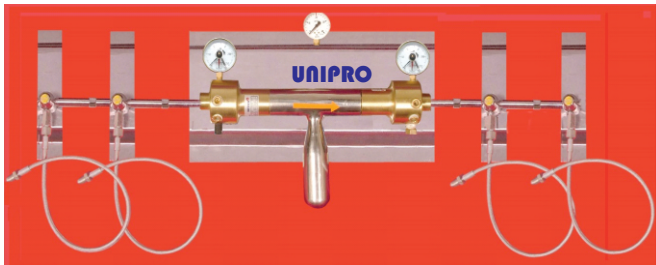

Theatre Suction Trolley with 2000ml jar

Gas Pressure Regulator

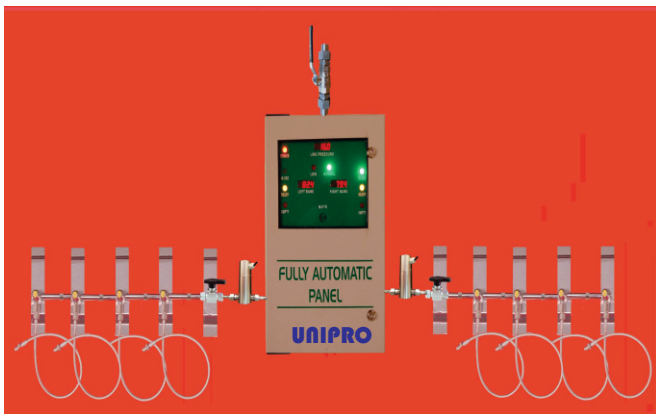

Gas Plant Room

SS 304 2+2 Oxygen Manifold with
Semi Automatic Changeover

Oil Free Air Compressor

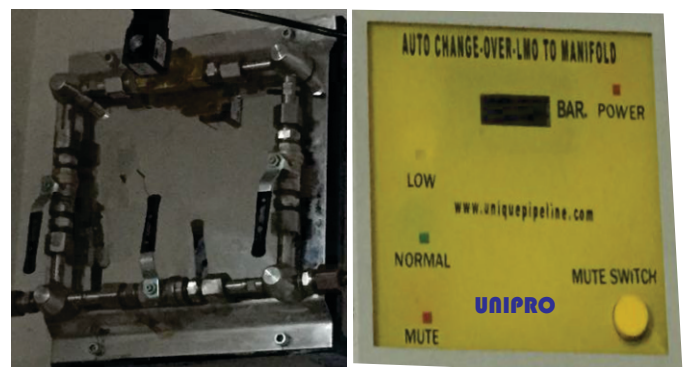

SS 304 Oxygen Gas Manifold with
Fully Digital Automatic Changeover

Reciprocating Vacuum Pump

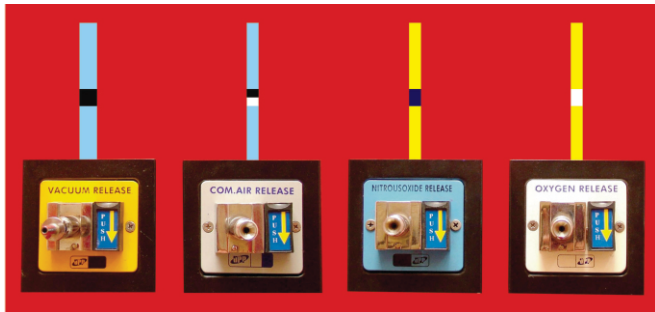

Oxygen Generator for
4 to 20 Cylinder. per day

Automatic Changeover from O2 Liquid
Tank, Emergence Gas Manifold to
Main Gas Manifold & Vice-Versa

Medical Pipeline Accessories

Parkodex UNIPRO Outlet
with Push Type Probe

Ohmeda, Puritan-Bannet, Diss Console
Wall Type Imported Outlet Conform to HTM
02 - 01/ NFPA 99C / EN / DIN / ISO 7396 - 1

Imported Flow Meter
0-15 Lpm

Indigenous Flow Meter
0-15 Lpm

Indigenous Suction Unit
with 600 ml. Jar Regular

Suction Regulator with
Trap Unit imported

1/4' Antistatic
Imported Hose

SS High Pressure
Gas Manifold Hose
